Subject: Port Heiden Updated and Revised Corrective Action Proposal

Lori/Louis,

Please find attached the Updated and revised proposed corrective action approach for the work out at Port Heiden. Weston believes that this proposed corrective action plan will meet the needs of the ADEC and the requirements of the landfill permit. We also believe this will meet the needs of the Village and is consistent with TSCA Regulations.

I would like to allow time for your review on this proposed corrective action approach, and would like to ask that we have a conference call later this week (possibly Friday) to discuss and possibly finalized this approach.

We are available if you have questions and/or comments prior to having a conference call later this week.

Thank you

Dale Greinke

Sr. Construction/Project Manager

Fuels CX Lead - Pacific Division
